XI. Descriptions of Ten new Species of Butterflies from the North-west Coast of Madagascar, captured by Mr. J. T. Last, in the Collection of Mr. H. Grose Smith. By H. Grose Smith 122

XII. Descriptions of Two new *Scarabæidæ* of the Genus *Phanæus*. By Charles O. Waterhouse 128

XIII. Descriptions of some new Species of Lepidoptera collected by Mr. Herbert Ward at Bangala, on the Congo. By Emily Mary Sharpe 130

XIV. Notes on some Shells recently received by the British Museum. By Edgar A. Smith 135

XV. Descriptions of Eight new Species of *Chalcosiidæ*. By Herbert Druce, F.L.S. &c. 140

XVI. Further Note on *Francolinus Hildebrandti*, Cabanis, and Obsérvations on *Pternistes Humboldti*, Peters. By W. R. Ogilvie-Grant (Nat. Hist. Mus.) 144

XVII. A few Remarks on Prof. Packard's Papers entitled "Life-History of *Drepana arcuata*" and "Hints on the Evolution of the Bristles, Spines, and Tubercles of certain Caterpillars." By A. G. Butler, F.L.S., F.Z.S., &c. 147

XVIII. Description of a new Genus and Species of Rhynchophorous Coleoptera. By D. Sharp, M.B., F.L.S., &c. 150

Phosphorescent Centipedes 152

NUMBER XXXVIII.

XIX. On the Adaptation of Mammals to Aquatic Life. By Dr. Willy Kükenthal, Ritter-Professor of Phylogeny in the University of Jena 153

XX. Lepidoptera from the Sabaki River, East Africa, with Descriptions of new Species. By G. F. Hampson, B.A., Coll. Exon., Oxon 179

XXI. Critical Notes on the Genus *Tebennophorus* and the recent Literature relating to it. By Henry A. Pilsbry, Conservator of the Conchological Section, Academy of Natural Sciences of Philadelphia 184

XXII. Natural History Notes from H.M. Indian Marine Survey Steamer 'Investigator,' Commander R. F. Hoskyn, R.N., commanding.—No. 21. Note on the Results of the last Season's Deep-sea Dredging. By J. Wood-Mason, Superintendent of the Indian Museum, and Professor of Comparative Anatomy in the Medical College of Bengal, and A. Alcock, M.B., Surgeon I.M.S., Surgeon-Naturalist to the Survey 186

XXIII. On some Disputed Points in Teleostean Embryology. By J. T. Cunningham, M.A., Naturalist to the Marine Biological Association 203

Page

XXIV. Notes on the Synonymy of some Species of *Scolopendridæ*, with Descriptions of new Genera and Species of the Group. By R. I. Pocock, of the British Museum (Natural-History). (Plates IV. & V.) 221

New Book:—The Birds of Norfolk. By Henry Stevenson, F.L.S.; continued by Thomas Southwell, F.Z.S. 231

Stray Notes on the Nomenclature &c. of some British Starfishes, by F. Jeffrey Bell; Dates of the Parts of P. S. Pallas's 'Icones Insect. p. Ross. Sibir.' and 'Nov. spec. Quadr. Glirium,' by C. Davies Sherborn ..... 233—236

NUMBER XXXIX.

XXV. The Ornithosaurian Pelvis. By H. G. Seeley, F.R.S., Professor of Geography in King's College, London 237

XXVI. Note on a Couple of Abnormalities. By W. Blaxland Benham, D.Sc., University College, London. (Plate III.) 256

XXVII. Natural History Notes from H.M. Indian Marine Survey Steamer 'Investigator,' Commander R. F. Hoskyn, R.N., commanding.—No. 21. Note on the Results of the last Season's Deep-sea Dredging. By J. Wood-Mason, Superintendent of the Indian Museum, and Professor of Comparative Anatomy in the Medical College of Bengal, and A. Alcock, M.B., Surgeon I.M.S., Surgeon-Naturalist to the Survey 258

XXVIII. *Bathynectes*, Stimpson, a British Genus of Crustacea Brachyura. By the Rev. Canon A. M. Norman, M.A., D.C.L., F.R.S., &c. 272

XXIX. *Lepton squamosum* (Montagu), a Commensal. By the Rev. Canon A. M. Norman, M.A., D.C.L., F.R.S., &c. 276

XXX. Descriptions of new Oriental Reptiles and Batrachians. By G. A. Boulenger 279

XXXI. On the Occurrence of *Pelochelys* in China. By G. A. Boulenger 283

XXXII. Contributions towards a General History of the Marine Polyzoa. By the Rev. Thomas Hincks, B.A., F.R.S. (Plates VI. & VII.) 285

Proceedings of the Geological Society 299, 300

Henry Bowman Brady, LL.D., F.R.S., &c.; The Genus *Limacella*, by T. D. A. Cockerell; Preliminary Diagnoses of Four new Mammals from East Africa, by Oldfield Thomas; New Researches on the Spores of Myxosporidia (Structure and Development), by M. P. Thélohan; On the Sense of Smell in Starfish, by M. Prouho, Préparateur au laboratoire Arago.... 301—306

NUMBER XL.

Page

XXXIII. On some new or imperfectly-known Species of Stromatoporoids. By H. Alleyne Nicholson, M.D., D.Sc., Regius Professor of Natural History in the University of Aberdeen.—Part IV. (Plates VIII.–X.) 309

XXXIV. Notes on Slugs, chiefly in the Collection at the British Museum. By T. D. A. Cockerell 328

XXXV. Remarks on the Herpetological Fauna of Mount Kina Baloo, North Borneo. By G. A. Boulenger 341

XXXVI. On the Necessity for the Abandonment of the Generic Name *Cyclostoma*, with Suggestions regarding others involved in this Genus. By R. Bullen Newton, F.G.S., British Museum (Natural History) 345

XXXVII. New *Scarabæidæ* in the British Museum: a Fourth Contribution. By Charles O. Waterhouse. (Plate XI.)..... 348

XXXVIII. Descriptions of some new Genera and Species of West-African *Lycænidæ*. By Hamilton H. Druce, F.E.S. 364

XXXIX. The History of a Long-forgotten British *Lithobius*. By R. I. Pocock 367

XL. Descriptions of new Species of *Upupæ* and *Trochili* in the Collection of the British Museum. By Osbert Salvin, M.A., F.R.S. 374

New Books:—Aids in Practical Geology. By Grenville A. Cole, F.G.S., Professor of Geology in the Royal College of Science for Ireland.—The Honey-Bee: its Natural History, Anatomy, and Physiology. By T. W. Cowan, F.L.S., F.G.S., &c. 378—380

Proceedings of the Geological Society..... 381, 382

On Professor Jeffrey Bell's "Notes on Nomenclature of British Starfishes," with remarks on some Recent Crinoidea, by the Rev. Canon A. M. Norman; Additional Notes on the Mollusk *Lepton* as a Commensal, and on the Crustacean Genus *Bathynectes*, by the Rev. Canon A. M. Norman; *Trochammina Bradyi*, n. n., by David Robertson ..... 382—388

NUMBER XLI.

XLI. British Fossil Crinoids.—V. *Botriocrinus*, Wenlock Limestone. By F. A. Bather, M.A., F.G.S. (Plate XIII.) 389

XLII. On the Occurrence of *Halistemma* in British Waters. By the Rev. A. D. Sloan, M.A., B.Sc. (Edinb.), St. Andrews. (Plate XII.)..... 413

XLIII. Description of a new Lizard of the Genus *Zonurus* from the Transvaal. By G. A. Boulenger 417

Page

XLIV. On *Pherusa fucicola* (Leach). By Alfred O. Walker.. 418

XLV. Descriptions of new Genera and Species of *Pyralidæ* contained in the British-Museum Collection. By W. Warren, M.A., F.E.S. 423

XLVI. On the Shoulder-girdle in Cretaceous Ornithosauria. By Professor H. G. Seeley, F.R.S. &c., King's College, London 438

XLVII. Notes on the Trionychian Genus *Pelochelys*. By G. Baur. 445

XLVIII. The Genera *Cyclostoma* and *Pomatias*, and on a misapplied rule of Zoological Nomenclature. By the Rev. Caron A. M. Norman 447

XLIX. Descriptions of Three new Species of *Helix* from New Guinea. By Edgar A. Smith 451

L. Descriptions of new Species of the Coleopterous Genus *Oïdes* (*Galerucidæ*). By C. J. Gahan, M.A., British Museum (Natural History) 453

LI. Descriptions of Two new Species of Sandwich-Island Birds. By Scott B. Wilson, F.Z.S. 460

LII. Description of a new Genus for the reception of the North-American Moths hitherto referred to *Telesilla* of Herrich-Schäffer. By A. G. Butler, F.L.S., F.Z.S., &c..... 461

LIII. Note on *Lycodon atropurpureus*, Cantor, and *Bufo stomaticus*, Lütken. By G. A. Boulenger 462

"*Goldfussia*," "*Comaster*," and "*Comatulidæ*," by F. A. Bather; A Note on Canon Norman's Remarks, by F. Jeffrey Bell; On the Heart of *Dentalium*, by Dr. L. Plate, Marburg; The Function of the Gemmiform Pedicellariæ of Sea-Urchins, by M. Henri Prouho ..... 464—467

NUMBER XLII.

LIV. *Asterias rubens* and the British Species allied thereto. By Prof. F. Jeffrey Bell, M.A., Sec. R.M.S. (Plates XIV. & XV.) 469

LV. Some Alleged Cases of Misrepresentation. By F. A. Bather. 480

LVI. Insect-Larva (*Cecidomyia*, sp.) eating Rust on Wheat and Flax. By N. A. Cobb and Sidney Olliff 489

LVII. Descriptions of new Genera and Species of *Pyralidæ* contained in the British-Museum Collection. By W. Warren, M.A., F.E.S. 494

LVIII. On the Galapagos Lizards of the Genus *Tropidurus*. By G. A. Boulenger 501

LIX. On Anabiosis. By Prof. W. Preyer, of Berlin..... 503

LX. New *Scarabæidæ* in the British Museum: a Fifth Contribution. By Charles O. Waterhouse..... 507

Page

LXI. Reply to the Rev. Canon Norman's Views respecting the proposed rejection of *Cyclostoma*, with Remarks on No. 10 Rule of the "Stricklandian Code." By R. Bullen Newton, F.G.S., British Museum (Natural History) 522

LXII. Descriptions of Three new Bats in the British-Museum Collection. By Oldfield Thomas 527

LXIII. On *Pherusa fucicola*, Leach, and the Law of Priority. By R. I. Pocock 530

Description of a new Species of *Tristomum* from *Histiophorus brevirostris*, by F. Jeffrey Bell; Note on the Authors of the Specific Names in John White's 'Journal of a Voyage to New South Wales,' 1790, by C. Davies Sherborn 534, 535

Index 536

PLATES IN VOL. VII.

Plate I. Thenarocrinus.
II. New and obscure British Spiders.
III. Astacus fluviatilis.—Lumbricus herculeus.
IV., V. New Scolopendridæ.
VI., VII. Marine Polyzoa.
VIII., IX., X. New Stromatoporoids.
XI. New Scarabæidæ.
XII. Structure of Halistemma.
XIII. Botriocrinus.
XIV. Asterias rubens.
XV. Asterias Murrayi.
